The Town That Rose Up

The problem gambling team, with support from the Ngati Porou Hauora Management, Board, and other services, promoted a DVD entitled 'The Town That Rose Up'.

The DVD was developed in partnership with the Problem Gambling Foundation and a successful Launch was held at the Army Hall with Local and National dignitaries and members of the public in attendance.

The DVD featured and highlighted the action taken to propose the 'Sinking Lid Policy' that was adopted as a Class 4 Gambling Policy by the Gisborne District Council Territorial Authority.

The Sinking Lid Policy was initiated to address the effects of problem gambling on our families and communities and to reduce the number of gaming machines within the Tairawhiti district.

The success of this Policy can be gauged by the interest and feedback we have received from other areas throughout the country.

Any one or any group requiring more information or presentations, please do not hesitate to contact the team at the Army Hall.
